

WALKING AIDS & BAGS FOR WHEELCHAIRS

WALKING AIDS

bastipode

BastONE

smallQUAD

We created the **AllmoBILITY** line of walking aids by researching these important features:

- + light weight and “modern” aesthetics
- + small footprint so as not to get in the way of the step pattern
- + high-grip tips, with spare parts available, for when the user has worn out the original
- + soft grip for better grip and to reduce pressure on the hand
- + wrist strap to prevent the aid from falling off
- + availability of a complete and expanding range

BASTIPODE

Unique one-handed walking aid: the **special tip**, called MINI QUAD, has the **stability** characteristics of a quadripod but with an **extremely compact** base that makes the stick easy to handle and does not hinder the user's path.

The **toe cap** has four **high-grip supports** which allow greater grip and adaptability to different surfaces.

The BASTIPODE™ has a **light and resistant structure**, it **self-centers** during use, and even when not in use it remain in a **vertical position**.

The BASTIPODE™ is available in two colors:
ivory black and **ocean blue**.

- 86-98 cm
- 155-190 cm
- 457 g
- MAX 120 kg

ITEM CODE	DESCRIPTION
AIR BASTNERO	Black cane "BASTIPODE™"
AIR BASTBLU	Blue cane "BASTIPODE™"

The AllmoBILITY BASTONE with MEGAgrip is unique in ergonomics, design and support. **Adjustable in height** from 83 to 95 cm, through the holes in the telescopic section, to fit the user's needs. Equipped with **anatomical high-grip handle**, made of high-quality materials, which ensures a firm grip in any situation. The handle is **curved**, i.e., swan-shaped, supplied with **wrist strap**.

The black **MEGAgrip ferrule** has a **high grip** due to the base with a movable disc that accompanies the inclination of the stick, the composition material and the rubberized and military lower profile.

Available in two colors: **ivory black** and **ocean blue**.

UNDER-SEAT STORAGE BAG “MOBILITY BAG”

The **BAG MOBILITY** is a convenient storage bag for **rigid baby carriage**, attached under the cushion by Velcro straps that hug the seat sheet adapting to the depth of the seat. It features as many as **four separate compartments** that allow clothing or bulkier items to be carried in the **main pocket**; while valuable items or personal care and hygiene products can be crammed into **the front and side pockets** for added security and discretion. In addition, the BAG is equipped with **a bottle, water bottle or can holder section**. The **double magnet closure** of the **central compartment** allows quick access when needed.

- **Opening/closing zipper** loops facilitate user use, while
- **Reflective inserts** arranged on four sides promote the visibility of the wheelchair user in the evening hours.

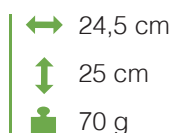

Fits wheelchairs with seat depth up to 48 cm.

ALLMO BAG	Mobility BAG

“MOBILITY DUO POCKET” STORAGE POCKET

The DUO POCKET MOBILITY storage pocket can be attached to **the rear or front of the wheelchair**. A versatile accessory, it stands out for its **easy installation**, thanks to Velcro strips that adjust to the depth of the seat, for safe and quick mounting under the seat. Featuring a **convenient front pocket** and a smaller compartment hidden behind, the DUO POCKET is designed to keep essential items such as wallet, keys, cell phone, documents and eyeglasses neat and within easy reach while separating them from medications or medical devices.

The presence of a **reflective section** ensures greater visibility in low-light conditions for the safety of the user. **Zippers**, equipped with **rings**, make it easy to open and close the pockets, a detail that makes the bag practical, especially for those who may have difficulty handling small items. The DUO POCKET is practical but also very durable, thanks to high-quality stitching.
