

A warm cuddly hug
that protects

A loving caress

From the very first instant to the first years of life, a hug is the first and most important loving gesture, the most natural one.

Thanks to Mamila products, every family will feel more secure, protected and wrapped up like a warm embrace.

The natural cotton, the innovative organic blends and the ingredients of natural origin are the basis of all our products, which are studied, designed and made with love in Italy.

Our sustainable promise,
for the future
of our children

Environment and future

.....

We dream of a better and healthier future for all families around the world, where they can feel in perfect harmony with nature. Research and studies on the products we

conduct daily, **are aimed precisely at this purpose: to safeguard our planet, for a cleaner, more sustainable future for everyone.**

Cotonini

A world of
cuddles,
in natural cotton

A world of green cuddles

Our greatest wish is that your little one will grow up in a clean and healthy world.

This is why Mamila products are made respecting nature and using low environmental impact materials.

Cotonini® Classic:
a super convenient format,
directly at home

We have created a practical space-saving package, which allows more packs to be shipped in a single parcel, reducing the impact on the environment and saving on the final price.

We grow together with your child

Did you know that your little one will wear a nappy for about 25,000 hours during the first years of life? Therefore, it is fundamental that the nappy protects your baby makes him feel comfortable and secure until the moment of getting him out of nappies.

This is the reason why our Cotonini are made of soft, natural cotton balls that minimise any redness, irritation and are dermatologically tested on the most sensitive skin.

**Made in Italy
with love.**

Our natural cotton bed mats ensure maximum protection and ease of use.

100%
biodegradable
material

Made
with **100%**
natural cotton

Cottonini® bed mats

**LAYER IN CONTACT
WITH SKIN**

Natural cotton avoids redness and irritation to baby's skin.

ABSORBENT LAYER

The pure cellulose embossing ensures the draining of liquids. The super absorbent polymers inhibit the formation of unpleasant odours.

MIDDLE LAYER

The filtering cloth allows for effective permeability to liquids, reducing the release of moisture.

INNER LAYER

Ensures maximum protection to prevent moisture from reaching the exterior.

**Cottonini® Wipes
with almonds and aloe**

Our wipes are like a soft caress on your baby's skin.

and honey

mamiHug[®]

A natural caress,
with the scent of almond, oats and honey

Safety and gentleness

.....

All MamiHug® products are free of alcohol, parabens, silicones, paraffins, PEG, Nickel, Chromium and Cobalt to ensure the protection of babies' skin.

Moreover, MamiHug's unique 100% organic blend made from almonds, oats and honey keeps away redness and possible irritation.

A brand Made in Italy...

Mamila is the brainchild of a group of **ITALIAN ENTREPRENEURS** who, in collaboration with a pharmaceutical company and the ongoing support of experts in the paediatric and obstetrics fields, work every day to satisfy the needs of children and their parents.

Mamila products are created and developed in Italy with **100% Italian ingredients** and low environmental impact techniques, to preserve nature and the world we live in.

...supporting families
around the world

.....

Our hands-on experience is closely tied to that of Mother Nature to guarantee families a healthier and cleaner future where they can live in peace and in complete harmony with the environment.

Our planet is our home, families are our future. It is a duty to stand by their side and accompany them in their growth, but, above all, it is an honour, because each of us has the right to come into the world, grow up and live in a more sustainable world.
