## ■ Intro

Discover our range of customized clocks, available in various sizes and materials to perfectly suit your needs.

A clock is not just a simple time-measuring instrument but a design element that captures attention and enhances any environment.

Perfect for decorating urban spaces, public places, and stores, a well-designed clock becomes an aesthetic and functional focal point.

# 400

## ■ Customized Indoor Wall Clock

Diameter: 40 cm

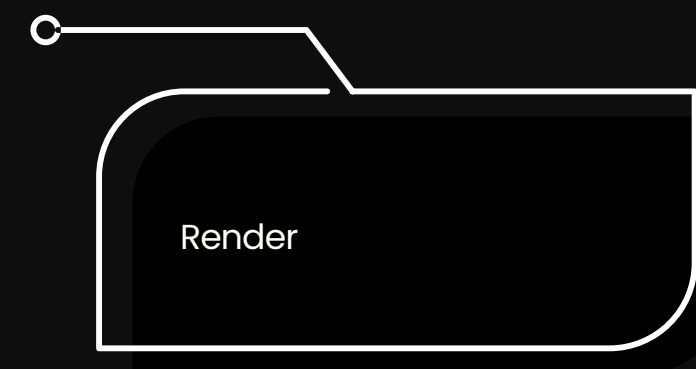

Price per unit: 255 – 337 €

Perfect for indoor environments, customizable with unique designs and high-quality materials. The appearance and dial are crafted to best represent the aesthetics of the brand commissioning the clock. Ideal as a high-end promotional gadget or advertising item.

40

## ■ Customized Indoor/Outdoor Wall Clock

Diameter: 60 cm

These models fall into a higher price range compared to the previous category due to the different materials used and the production process. Each clock is crafted using a customized mold designed specifically for the client, ensuring a unique and distinctive final product.
