**360° Services: from the idea right through to installation. Consulting, stones selection, designing, transport, installation**

SERVICES & PRODUCTION

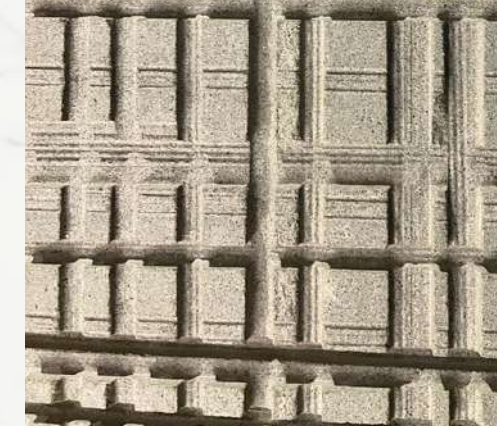

# WHAT CAN WE DO FOR YOU?

## PRODUCTION

- BLOCK and SLABS CUTTING TO SIZE
- PROCESSING and MACHINERY
- SCULPTING
- FINISHING

We select the best materials directly at the quarry, with great attention to the colour and pattern, thus ensuring excellence right from the origin. All the work processes are carried out in **our workshops** by experienced **master craftsmen**, combined with the **latest technology**. We carry out laying in our workshop, checking the colours, the natural shades of the marble, the book-matching and the special work processes, to guarantee an extraordinary result.

[pistoremarmi.com](http://pistoremarmi.com)

Our machineries include: a multiblade frame saw, 2 single blade frame saws, 2 polishers, a manual polisher, 2 five-axis numeric control bridge cutters, a 5-axis dynamic waterjet, a cnc machining center.

The Sunshine coffee table by Luca Scacchetti, an example of when design and furniture merge with art.

# ABOUT US

**We are contemporary tailors and marble is our fabric.**

We are a **team of experts**, with a sincere passion for marble and for quality work.

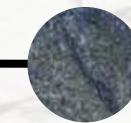

We are guided by our desire to satisfy every customer, in the ongoing search for innovative solutions. The **Pistore family**, with its experience in interpreting natural stone, embodies the culture, reliability, ethics and professionalism of the luxury craftsman.

**Founded in 1960** by the young **Ferdinando Pistore**, at the time a stonecutter and artisan and today Chairman of the company, Pistore Marmi is now managed by the second generation. The **strong link with Veneto** and its cities of art and the famous Palladian Veneto Villas is a daily source of inspiration for creating beautiful and exclusive residences and hospitality venues in Italy and worldwide.

# VISION & MISSION

## Vision

---

You need to have an inside **knowledge of marble**, to feel it and understand it in order to transform and interpret it.

This is why we enjoy matching all aspects of the marble with our customers' desires.

It's a hugely **gratifying experience**, involving us personally in every project.

**Craftsmanship, passion** and **experience** combined with **technological research**: these are the key values enabling us to create unique and exclusive tailor-made marble structures that meet the requirements of end customers and designers.

## Mission

---

Our purpose is to offer a **complete service for architects, interior designers and general contractors in Italy and abroad.**

We aim to create and model environments that reflect the client's identity and status.
