Free from: Petrolatums | Silicones | Parabens | Coloring agents | Synthetic fragrances

THE BRAND SURGICTOUCH®

It is an Italian brand that deals with the research and formulation of cosmeceutical products. An excellent line founded by the Aesthetic **Dermo-Surgeon Doctor Nicola Pittoni** which is based on effectiveness, guaranteed by the quality and quantity of the active ingredients included in the formulas.

An innovative approach called "Evidence Based Formula". A method based on the evaluation of concrete and tangible results, based on evidence of effectiveness.

Scientific evidence becomes the best strategy in selecting active ingredients for cutting-edge formulas, designed for deep delivery into the skin and a real anti-aging action.

For over fifteen years, the **SurgicTouch®** Brand has been a point of reference in the **Medical Aesthetic/Professional Aesthetic** sector and has gained a solid reputation in both the professional and home sectors.

SurgicTouch® aims to realize the goal of transforming conventional cosmetic departments into highly professional and cutting-edge consultancy centers, offering an innovative and high-quality experience, collaborating with **"high-profile partners"**.

The method
EVIDENCE BASED FORMULA

Excellence and Innovation

UNIQUE FORMULAS, RESEARCH AND EXPERIENCE

PURE JAL / PURE JAL² Serums

Excellent concentrated formulations composed of pure Hyaluronic Acid saturated in sterile water, without the addition of harmful substances and with an INCI of only 2/3 ingredients (Pure Jal: 2 ingredients, Pure Jal2: 3 ingredients).

DNP Cream

A pool of powerful active ingredients that repair aging damage and stimulate cellular communication. It restores the skin matrix thanks to the presence of Lactobionic Acid.

BOOSTER 30 C+ FERULIC Serum

Pure Vitamin C molecule at maximum concentration (3-O-Ethyl Ascorbic Acid), combined with Ferulic Acid and Marine Glycogen with powerful antioxidant action.

SURGICTOUCH[®] COSMECEUTICALS

Cosmeceuticals represent the evolution of traditional cosmetics, thanks to the **high concentration of active** ingredients and thanks to their deep delivery.

They represent the cutting edge of cosmetology in terms of prevention and **anti-aging** treatment.

They are produced in the most advanced Italian laboratories, using certified and safe production methods.

Our objective

SUPPORT AND CONSULTANCY

SCIENCE FOR BEAUTY

The main objective of SurgicTouch® is to offer dermocosmetic consultants and consumers knowledge and information on the importance of correct skincare, both in terms of prevention of skin aging and in pre- and post-surgery support.

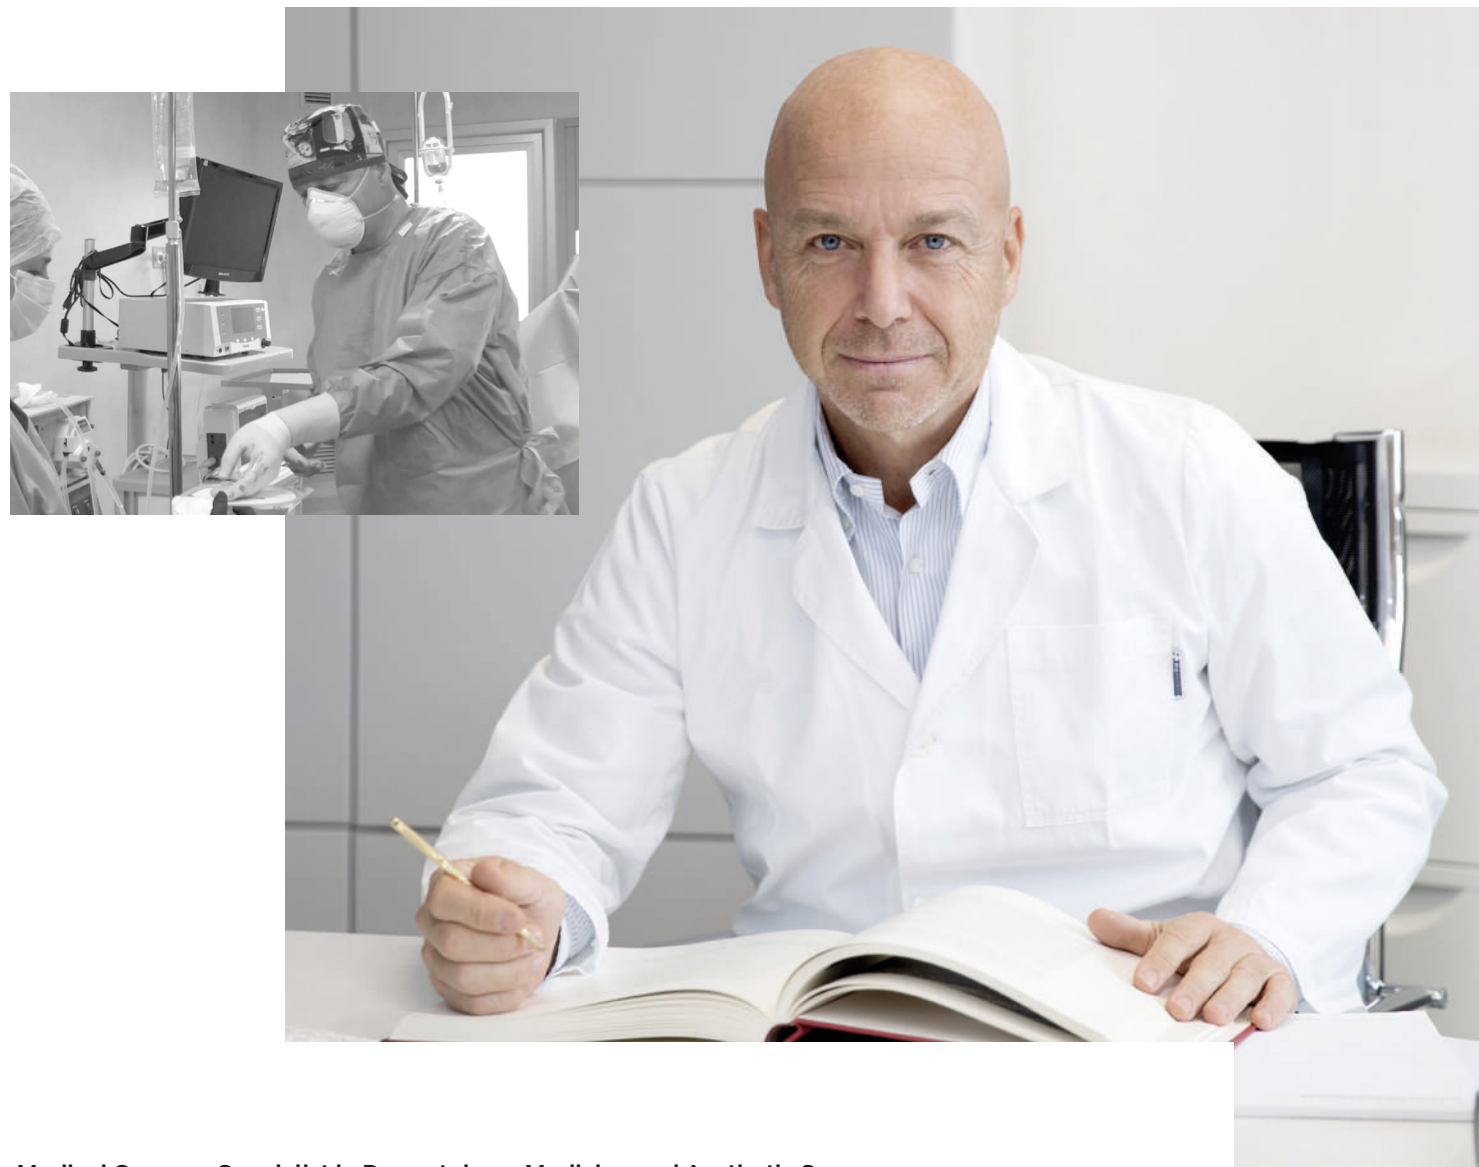

The brand stands out for its transparency in formulation and dedication to providing its partners and consumers with in-depth information on the skin care products and active ingredients used, as well as their correct application to maximize the desired results.

Through educational programs and support materials, **SurgicTouch®** provides guidelines on how to select the products best suited to your specific skin needs.

DOCTOR NICOLA PITTONI

Surgeon, he stands out for his innovative vision in the field of skin rejuvenation. It formulates cutting-edge products that satisfy a wide range of needs, from prevention and home care to **pre-** and **post-operative** maintenance.

The idea of creating this cosmeceutical line was born from the need to provide patients with scientifically proven products that complete medical-aesthetic procedures.

Thanks to the significant **results obtained** with the first cosmeceuticals,

Doctor Nicola Pittoni has expanded his vision, offering a complete line aimed at those who seriously wish to improve skin health by following rigorous scientific principles

Each cosmeceutical is carefully formulated with the goal in mind

to improve and prevent the signs of skin aging, guaranteeing **safety, visible results and transparency** in the choice of ingredients.

The line comprehensively and effectively addresses a range of issues, including wrinkles, loss of tone, dehydration, pigmentation and scars, ensuring deep penetration of the active ingredients to maximize benefits for the skin.

SurgicTouch® cosmeceuticals guarantee permeability and deep conveyance of "pure, specific and synergistic" active ingredients while respecting the skin to obtain maximum benefit.

The project THE IDEA BECOMES REALITY

PIONEERS OF ITALIAN DERMOCOSMETIC EXCELLENCE

The collaboration with **Elena Nassimbeni**, a modern manager and promoter of a new culture of beauty, started this revolutionary project.

From this extraordinary synergy was born **SurgicTouch®**, the first innovative cosmeceutical line that stands out for its formulas free of harmful substances and totally Made in Italy.

SurgicTouch®, a brand that has oriented its mission towards its partner, guiding them in the transformation from resellers to points of reference in dermo-cosmetic consultancy.

“Guaranteed effectiveness that translates into loyalty: the key to winning over and keeping our customers”

Elena Nassimbeni

ELENA NASSIMBENI

The founder

A dynamic and expert woman in the marketing and sales sector, passionate about skin care and aesthetic medicine. The right voice to talk about beauty and cosmetics and who has transformed this passion into a profession dedicated to anti-aging for an increasingly demanding public.

The innovative idea

INTERACTIVE TOUCH-SCREEN MONITOR

A "real time" consultation for a guided Beauty Experience

Updatable content

Product sheets with technical and commercial value

An active experience between consultant and client

Looped promotional videos

A skin quiz created by Dr. Nicola Pittoni to identify the type of skin needs
