

CDMO

WE ARE

- SVEBA is one of the main European Contractors (CDMO), operating in the Food Supplements sector;
- Among the market leaders, with a unique global multidisciplinary approach attentive to every detail of the product and increasingly responsible towards society and the environment;
- It was founded in 1994 as a phytotherapeutic preparation laboratory and over time it has evolved, establishing itself today as a design, development and production industry;
- Sveba has always been owned by the Salamone Family - VOS GROUP Botanicals Pharma Group.

WE DO

- ▶ Manufacturing of finished solid products; Liquids; Probiotics and added foods, in all pharmaceutical forms;
- ▶ We are global contractors, from design to development, production, packaging and distribution;
- ▶ We manage all phases of the product life cycle and the most innovative pharmaceutical technologies, being able to satisfy the most ambitious needs at the service of the Client.
