

 **NOVAMARINE**
BLACK SHIVER 140 EFB

EGOCENTRIC BY MISSION

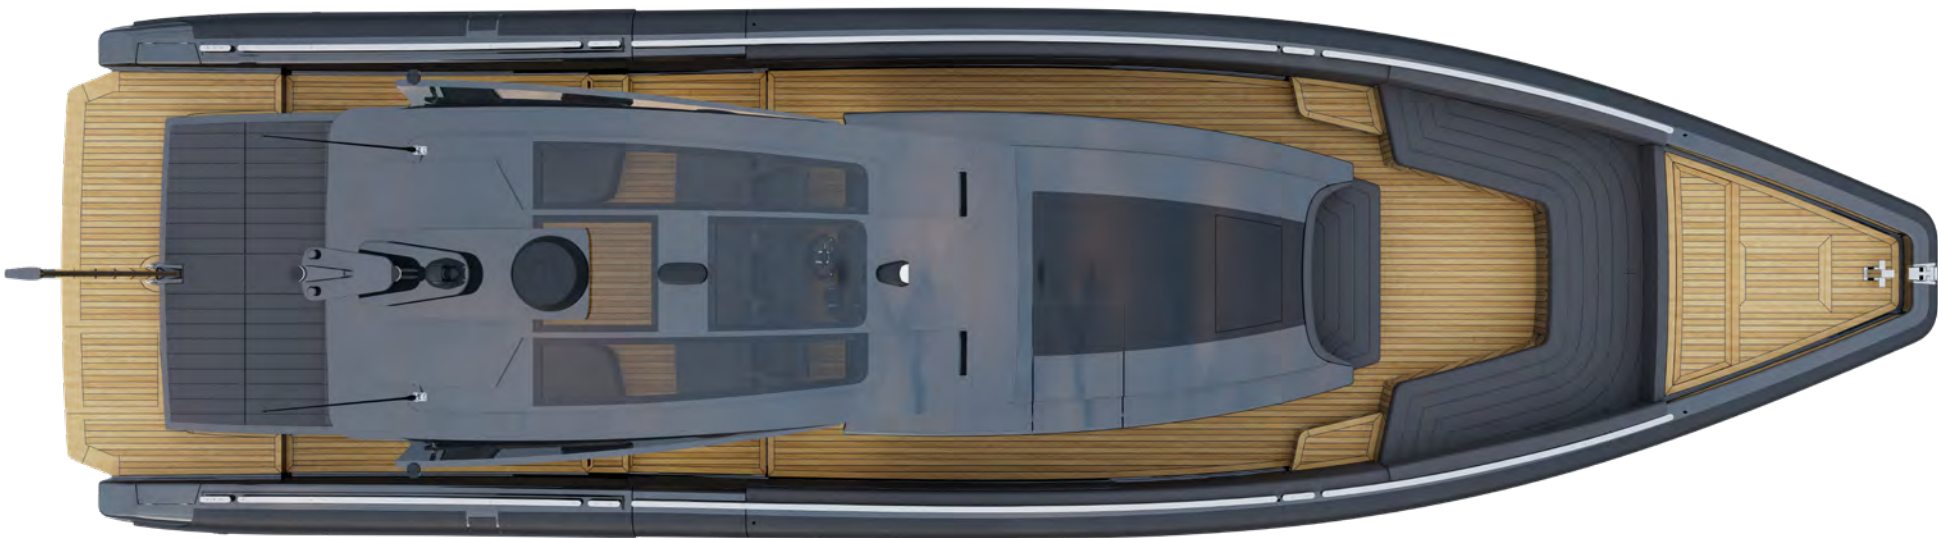

With a pure egocentric character, the **BS 140** distinguishes itself within the range for its extreme attention to detail and its materials, enhancing the great spaces dedicated to leisure and relax. The walk around layout of the exterior allows to take full advantage of deck areas, destined for daily uses. The aft area hosts a great deckchair connected to the cockpit's dinette, creating an outright covered living room in constant connection with the sea and the sky due to the view's height on the water and the transparency of the roof.

The access to the sea is granted through the side doors and the great swimming platform, equipped with a comfortable bathing ladder. On the foredeck, an extremely flexible leisure area is developed, showing the potential to become dinette, a spacious deck chair or lunch area by inserting a table serving dual function.

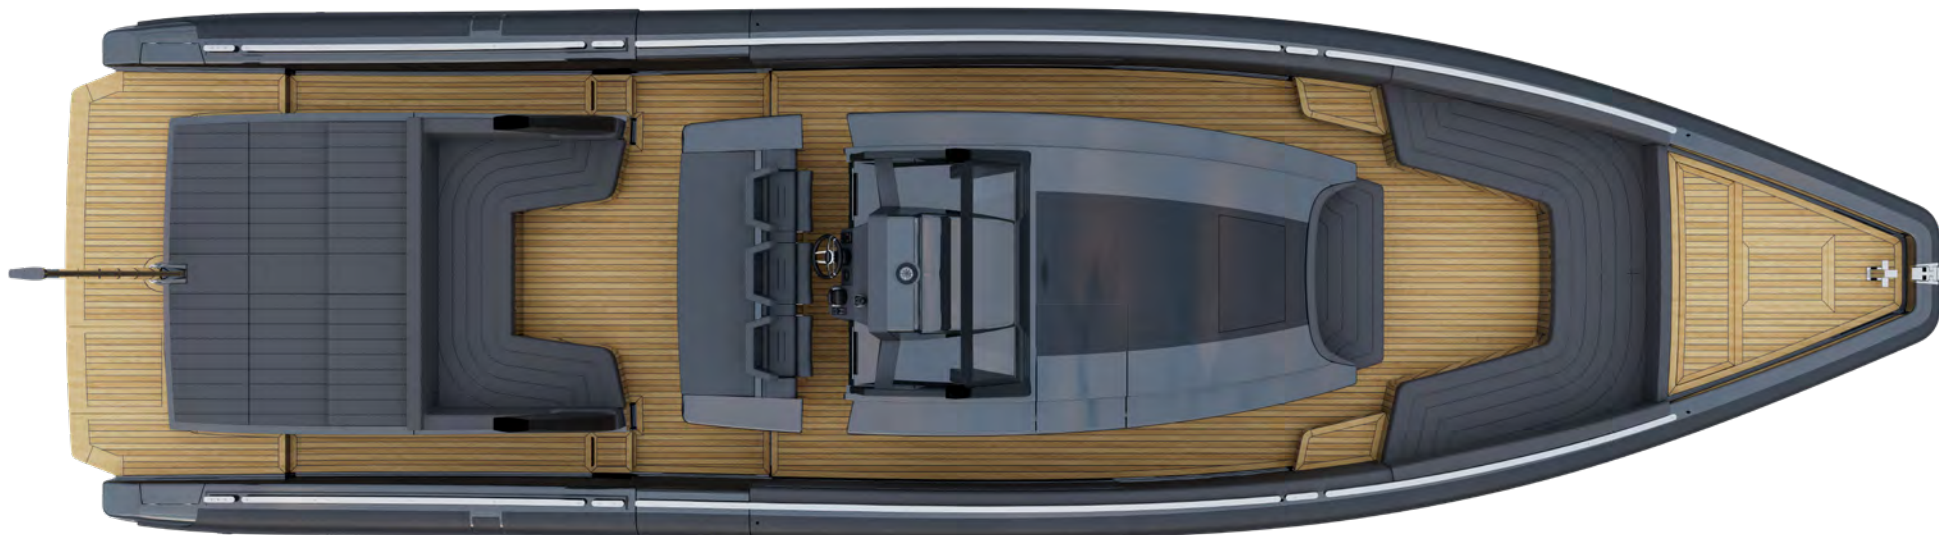

The awnings on both aft and bow grant a covering for almost all surfaces on deck. The wise employment of the hull's volumes allows, in spite of the characteristic low profile of NOVAMARINE vehicles, for the realisation of a cabin with surprisingly high and spacious interiors. The dominant control area is equipped of all instruments for navigation and allows for the less experienced to also employ this vehicle, ensuring a reliable usability near the coast, as well as for long journeys.

	Engines	Max Speed	Cruising Speed	C. Speed Consum.	Fuel Tank	Range (C. speed)	Overall Length	Beam	Draft	Max People

LAYOUT SOFA'

INTERIORS

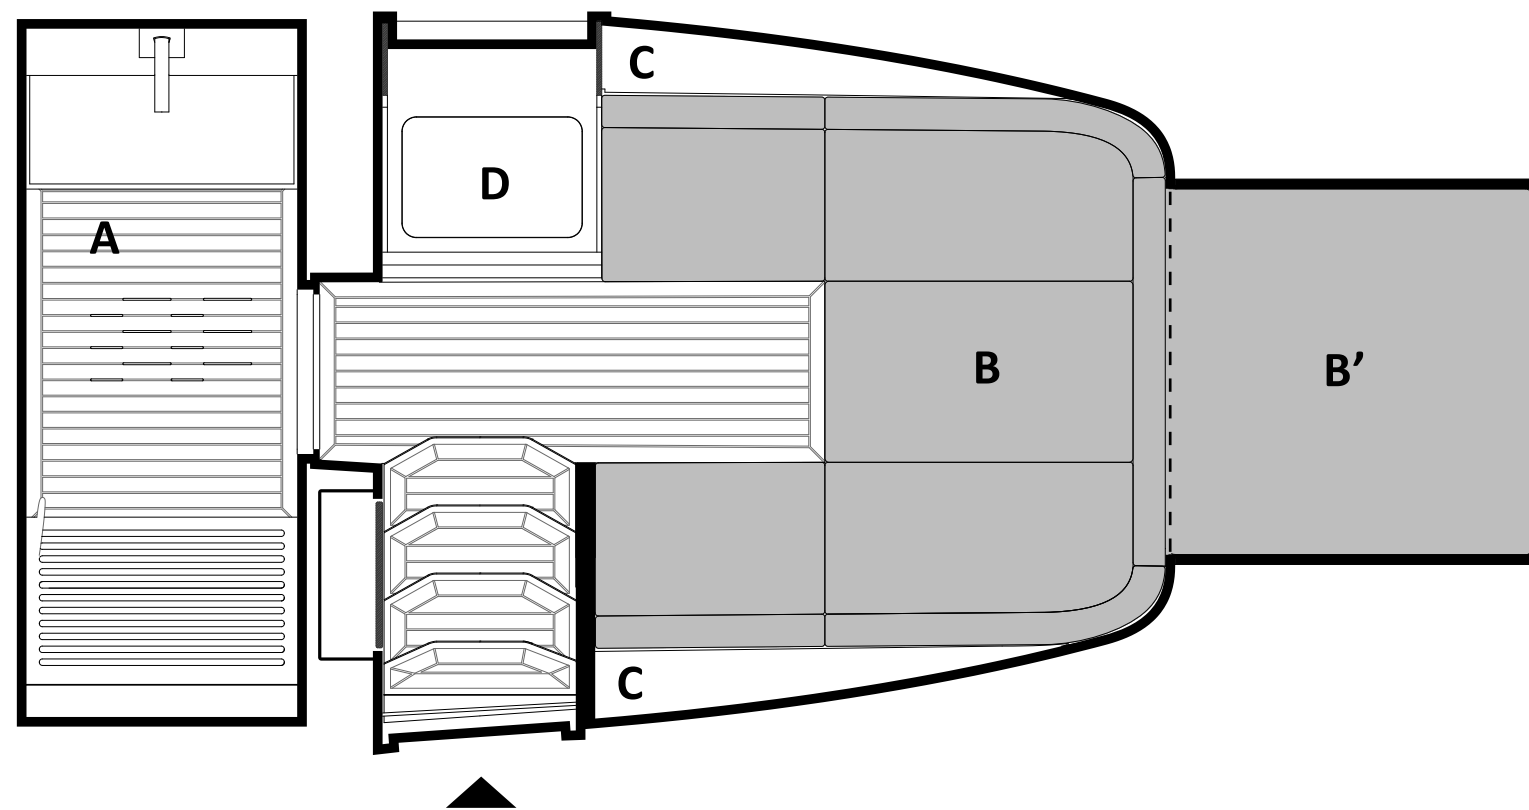

INTERNAL LAYOUT

The interior space is accessible through a convenient side door. The tall and spacious environment has been designed to make the onboard experience comfortable and extremely functional.

Abundant lightning is provided by the large overhead windows, further accentuated by a sophisticated scenic lighting system, that can be easily adapted to various occasions. The large sofa converts into a double bed, simply by lowering the backrest forward, while the addition of a removable panel allows for further extension of the resting surface.

The sofa structure and overhead compartments conceal ample storage spaces to store everything you need for your cruise, while keeping the environment always tidy.

LAYOUT 1

- A) Dedicated bathroom with shower, sink and concealed toilet.
- B) Spacious dinette, convertible into a bed, with expansion below deck (B').
- C) Overhead storage compartments and shelves.
- D) Configurable equipped column with a chest fridge, microwave, and/or cabinets.
