

 **NOVAMARINE**
BLACK SHIVER 160 EFB

A CONCENTRATE OF ANSWERS AND STYLE

Whoever sees this object pass by, is left in awe.

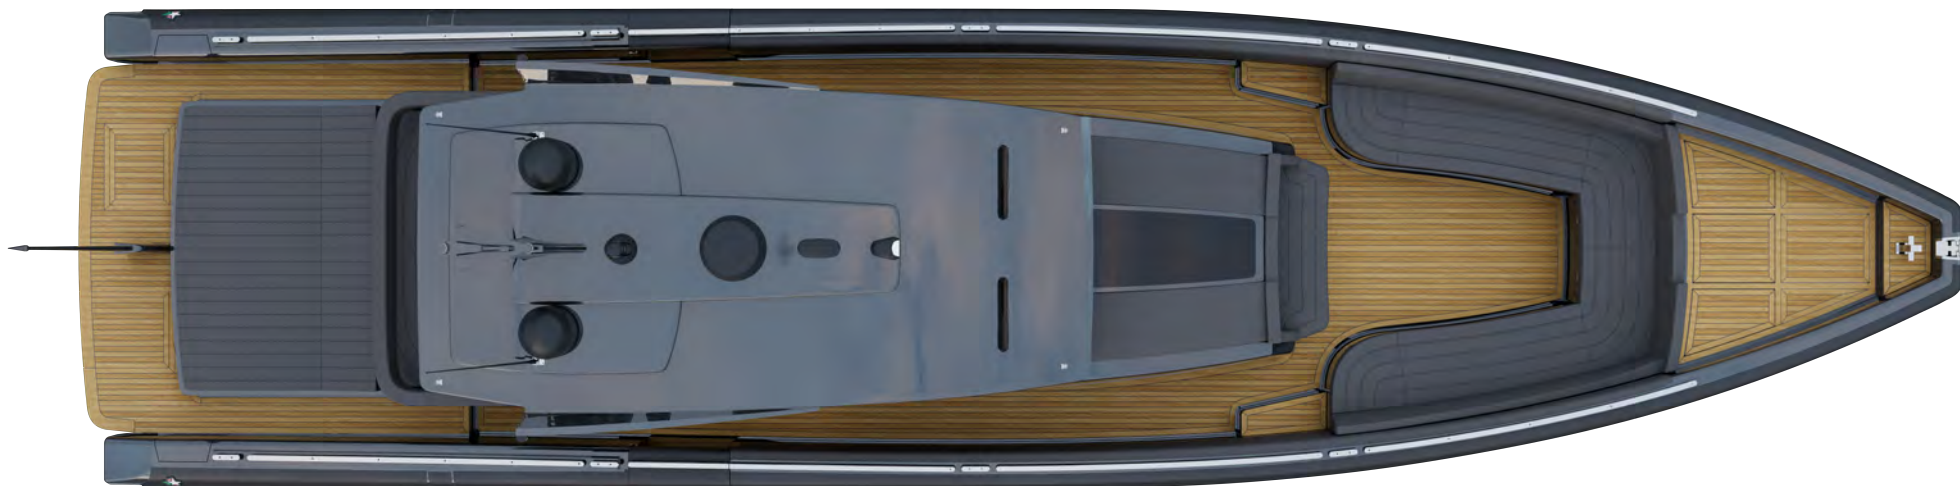

The NOVAMARINE philosophy on this measure finds great surfaces where it can apply its ideas to respond to the owner's demands and create multiple solutions for them. In this model, the vehicle's traits of seaworthiness and velocity merge together to experience the sea in a special way, where the areas of conviviality and relax, both on deck and under deck, are studied to grant maximal comfort. The hull of the **BS 160** allows to take long-distance journeys and to enjoy ravines of the coast with very low sea-beds pushing the bow to the sand, thanks to its limited draught.

The inboard version enhances the relationship with the sea through its spacious surfaces on aft, preserving its security and seaworthiness. The deck provides more areas destined to conviviality. The dinette zone, under the large roof covering all its surface, presents wide furniture that responds to any demands on deck, with a fridge, sink, kitchen and stowage. The dinette itself can be equipped with a table to serve a great number of guests. The bow is an enormous surface for relax that can be converted into a large circular sofa or an enormous deckchair or lunch area, and is completely covered by a parasol to ensure its guests unique comfort.

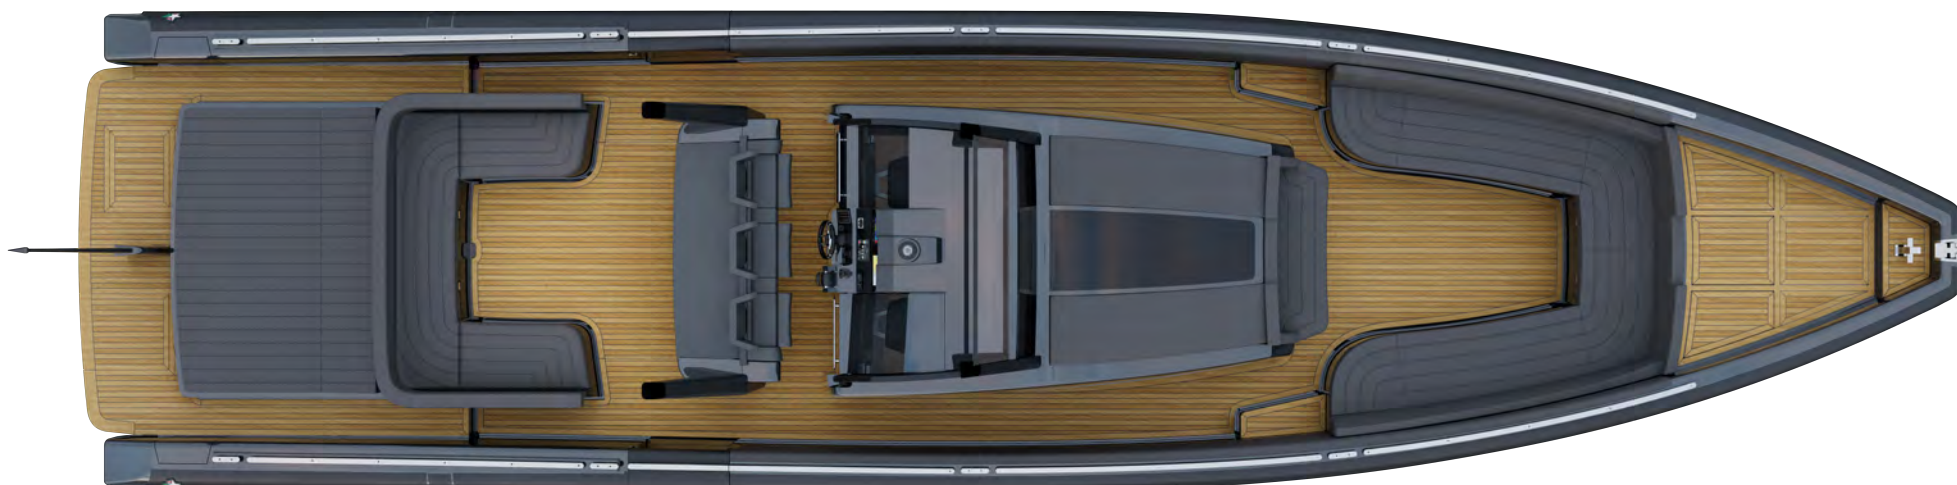

The floors of the deck, at a height close to the waterline, are combined with access to the sea granted by passages on the sides and aft. This vehicle, a concentrate of unique features, offers confidence and reliability to whomever uses and controls it from the equipped and dominant steering control. It is reliable and simple also for the less experienced, as it is easy to manage in the open seas as well as when maneuvering in port.

INTERIORS

LAYOUT DINETTE

Below deck, there is a bright environment with pleasant natural ventilation, further enhanced by an air conditioning system, making the stay on board enjoyable in any season.

The interiors have been designed to provide guests a full experience. Thanks to the dedicated bathroom with separate shower, the kitchen with cooktop and chest refrigerator, the BS 160 offers comforts typical of larger boats.

The dinette configuration includes a large sofa, which can be further extended into a bed with the addition of a removable panel.

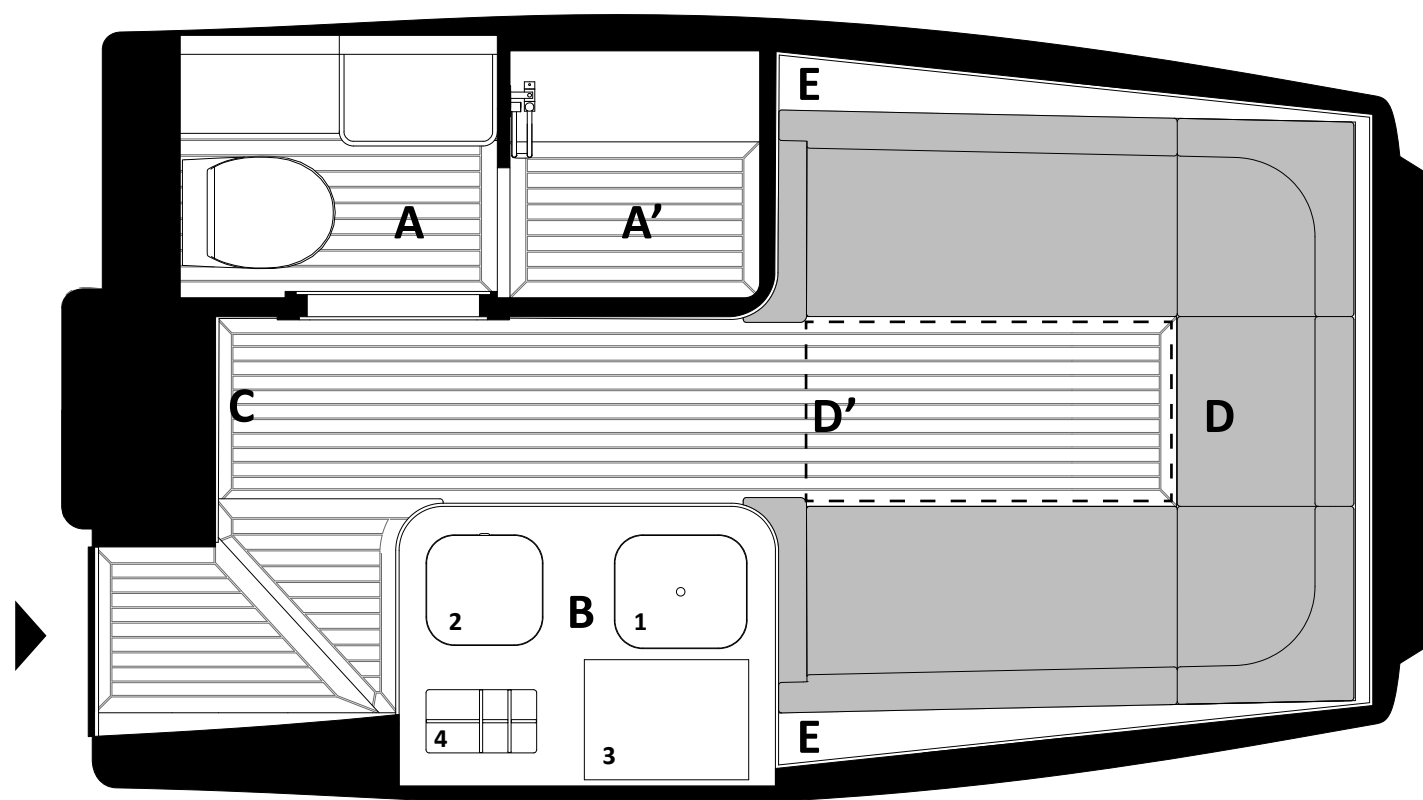

BED LAYOUT

In addition to the standard version with the dinette, it is possible to replace the sofa with a comfortable bed.

The structure, through the lifting of the central panel equipped with pistons, allows for storage in the lower part of the bed.

DINETTE LAYOUT

- A) Dedicated bathroom with sink, toilette and shower (A')
- B) Kitchen unit with:
 1. Cockpit refrigerator
 2. Sink
 3. Induction cooktop
 4. Tray with dividers
