MYTABLITAS

PLACEMATS

ABOUT

Mytablitas™ is an italian independent brand, specialised in placemats and table accessories. In this catalogue you will find a selection of our curated exclusive collection 2025.

We produce, artisanaly in Italy all our placemats. We use only eco certified selected fabrics: linen, cotton, jacquard, coated cotton... They are all washable and reusable, for an easy and chic lifestyle.

We offer a great variety of patterns, for casual or elegant occasions: colorful flowers, extravagant animalier, optical designs, exotic palms, neo-classical motifs, refined french toile de jouy, fresh mediterranean ikat, among plenty more. You can get an amazing effect mixing and matching them.

Small imperfections or differences in the print, size or color can happen & are part of the charm of handmade.

We introduce new patterns according to each season or projects, and are flexible to customize, measures, materials and patterns under request.

MYTABLITAS

PLACEMATS

ABOUT

Mytablitas placemats are composed with two elements:
a removable fabric cover and a rigid round board.

This catalogue shows a selection of patterns and printing
options of the removable fabric covers.

The standard material of the rigid board is MDF covered
with a plastic shell on the external side.
It is also available in simple MDF, cardboard or plexiglas.

Our standard rigid board diameter measures 37 cm
We can produce any other measure under request.

About

MYTABLITAS

PLACEMATS

We also produce for you exclusive models on request.

We customize:

- the pattern of the fabric (printing your designs exclusively)
- the shape and size of the placemat
- the materials
