FLY LETTIERE COUVRESOLE

Fly Couvresole from Raggio di Sole is an antibacterial bedding composed of 100% natural sepiolite. Highly antioocidiostatic and absorbent. Product subjected to sterilising heat treatment that reduces the development of parasites and does not irritate.

Cod. 107620194 - 7,6LX4

CRYSTAL LETTIERA GEL DI SILICE

Crystal Lettieria Gel di Silice from Sun Ray is a natural hygienic cat litter made from silica gel crystals. From Raggio di Sole an ultra absorbent, long-lasting, completely biodegradable and antibacterial litter. This product solves the problem of bad odours by retaining within its crystals the ammonia present in cat urine and dehydrating the solid residues, making them odourless and easy to eliminate.

Cod. 107628902 - 5KGX4

CRYSTAL SEPIOLITE LETTIERA LAVANDA

Natural, hygienic bedding composed of sepiolite minerals characterised by high liquid and odour absorbency. Thanks to the special porous structure of this mineral, bacteria (the main cause of bad odours) are quickly trapped and neutralised, ensuring maximum hygiene and cleanliness. **Crystal Sepiolite Lavanda** is designed by Raggio di Sole to give the cat's toilet a fresh and pleasant scent, which on contact with urine releases a delicate lavender fragrance, making it more pleasant for the cat to use.

CAT LITTER
ABSORBENT

CAT LITTER CLUMPING

Cod. 107624878 - 10 Kg

CRYSTAL BENTONITE AGGLOMERANTE CLASSICA

Crystal Bentonite Agglomerante Classica is a natural cat litter made from 100% bentonite. From Raggio di Sole an agglomerating cat litter, ultra-absorbent for an always clean and dry cat litter. The natural bentonite granules are ideal for excellent moisture and odour absorption, without the addition of perfumes. Crystal Bentonite will guarantee you the best performance, a clean, fresh and hygienic toilet. Its thick, compact granules are easy to remove and form a rigid, flat 'ball', guaranteeing high performance and minimising consumption and waste. The granules do not stick to the cat's paws or fur

Cod. 130054067 - 5LX4

ECO LETTIERA MIOMAO®

Ecological natural plant litter for cats, made exclusively from Plant Fibres, 100% Made in Italy, 'green', produced from selected natural, biodegradable and eco-friendly raw materials. It is highly absorbent and ultra-absorbent: the solid 'ball' created by the cat's urine can be collected in seconds.

Water-soluble granules, disposable with 'wet' waste and in compost (OK COMPOST certified) and in the toilet. Lightweight and easy to carry, with high absorbency, thanks to the special natural antibacterial and anti-odour additive, it guarantees excellent odour control

Cod. 107624098 – 60x60x30pz (x6)

TAPPETINI KLENPET

The **Tappetini Klenpet** of the Sun Ray line of **Raggio di Sole** are absorbent pet pads produced in Italy, made of pure, high quality long fibre cellulose and special super absorbent polymers with the Odour Control system, manufactured with hypo-allergenic and waterproof materials to keep liquids off the floor.

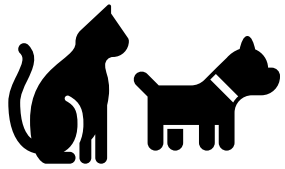

They are practical and easy to use, ideal for dog puppies, older dogs and/or convalescent animals that require constant cleanliness and hygiene.

Cod. 130082824 – 60x60x10 (x12)

TAPPETINI VENERE

Raggio di Sole presents the **Venere Petcare absorbent pet pads**, produced with pure super absorbent natural cellulose able to capture extremely effectively odors (Odour control), the honeycomb structure with special super absorbent polymers (SAP) ensures ultra fast absorption of liquids that are transformed into gels, keeping a dry and clean environment. The layer on the bottom is made of non-toxic waterproof material that does not let out liquids and protects the floor. They are an effective, practical and hygienic solution useful inside crates, kennels or cages or as under bowl or under cat litter, during car trips. Sleepers indicated to educate the puppies to do the needs outside the house, remaining dry and clean and without soiling the floors or carpets of the house, for dogs with incontinence problems or unable to get out of the house.
