Values: Our core values include integrity, innovation, and community engagement, guiding all aspects of our operations and decision-making processes.

Our oil production

Sizes available: 250/500ml
3/5 lt

Explore the unique essence of our Oil, a harmonious blend of the Casaliva, Leccino and gargnà varieties that embody the distinctive flavors and enveloping aromas of our oil.

Compounds

Our precious blend is the result of careful selection: 50% Casaliva, 40% Leccino, and 10% Gargnà. This varietal composition is the secret to an oil that captures the authenticity of the Garda lands, where the olives are harvested by the traditional method of hand picking and pressed within 12 hours of harvest.

Smell and tastes

On the nose, the oil reveals a fruitiness with notes of artichoke, given by Leccino, and almond, thanks to Casaliva. On the palate, an initial sweetness blends with a slight bitterness, culminating in a spicy finish, attributable to the predominant presence of Casaliva olives in the blend.

Sizes available: 250/500ml

Explore elegance and lightness with our Monocultivar Leccino Organic Extra Virgin Olive Oil, an authentic symphony of character that lends a touch of refinement to every culinary creation.

Choose refinement for your dishes and give them the authentic essence of the lands where the olives grow, cultivated with care and passion.

Elevate your cooking to new heights with our Monocultivar Leccino Organic Extra Virgin Olive Oil, a touch of lightness and character that transforms every meal into an unforgettable gastronomic experience.

Matches
